GROUP CRITICAL ILLNESS INSURANCE POLICY

THE FOLLOWING CONDITIONS ARE NOT CONSIDERED “CRITICAL ILLNESS” UNDER THIS POLICY:

PRE-MALIGNANT CONDITIONS, CONDITIONS WITH MALIGNANT POTENTIAL, OR THOSE PROSTATIC CANCERS THAT ARE HISTOLOGICALLY DESCRIBED AS TNM CLASSIFICATION TX OR T0 OR T1A OR T1B. ALL OTHER PROSTATIC CANCERS ARE COVERED.

Any disease or injury involving the cardiovascular system other than heart attack as defined herein.
Cardiac arrest not caused by a myocardial infarction.

Balloon angioplasty, laser relief, stints or other non-surgical procedures used to correct narrowing or blockage of coronary arteries.

Head injury, transient ischemic attack or cerebrovascular insufficiency. Renal failure caused by a traumatic event, including surgical traumas.

An insured person will not receive any benefits under this critical illness coverage for any of the above named conditions

Please note only the diseases, illnesses and conditions defined in this Certificate are covered. Refer to Section III – Definitions for the definition of *Critical Illness*.

CANCER IS PAYABLE AT DIFFERENT BENEFIT AMOUNTS BASED ON THE TYPE OF CANCER: INTERNAL OR INVASIVE CANCER, NON-INVASIVE CANCER, AND SKIN CANCER. SEE EXAMPLE BELOW. REFER TO THE POLICY SCHEDULE FOR BENEFITS PAYABLE

A diagnosis of Non-Invasive Cancer provides a reduced benefit under this Plan. Benefits payable for Non-Invasive Cancer will be payable at 25%. Please see the Insured’s Benefit Schedule for specific dollar amounts.

Example - If an Insured had a tumor removed from any organ (such as breast or prostate) and that tumor had not spread (Non-Invasive Cancer), the benefit payable would be 25% of the Face Amount listed on the Certificate Schedule.

However, if that tumor had spread (metastasized) to other tissue (such as lymph nodes), the full benefit would be payable.

California law prohibits an HIV test from being required or used by health insurance companies as a condition for obtaining health insurance coverage.

Continental American Insurance Company (CAIC), a proud member of the Aflac family of insurers, is a wholly-owned subsidiary of Aflac Incorporated and underwrites group coverage.

Section I – Eligibility, Effective Date, and Termination

Eligibility

You are eligible to be covered under this Plan if you are Actively at Work for your employer and included in the class that is eligible for coverage, as shown on the Master Application.

Dependents of an Employee are eligible for coverage under this Plan. A **Dependent** is:

- Your Spouse, or
- The Dependent Child of you or your Spouse (details included in the **Definitions** section).

Insured means you or your eligible Dependent, if any, who is covered under the Plan in the following categories:

- **Employee Coverage** – We insure the Employee and any Dependent Children.
- **Employee and Spouse Coverage** – We insure the Employee, Spouse, and any Dependent Children.

We will not insure anyone specifically excluded from coverage by Endorsement to the Certificate or by application, even if that person would otherwise be eligible for coverage.

Details for adding Insureds to your coverage are outlined in the Effective Date section.

Effective Date

Your Certificate Effective Date is shown on the Certificate Schedule.

Your Certificate Effective Date is the date your insurance takes effect. After we receive and approve the Application, that date is either:

- The date shown on the Certificate Schedule if you are Actively at Work on that date, or
- The date you return to an Actively-at-Work status if you were not Actively at Work on the date shown on the Certificate Schedule.

The Effective Date for a Spouse or Dependent Child is:

- The date shown on the Certificate Schedule if that Spouse or Dependent Child is not confined to a hospital and is eligible for coverage on that date, or
- The date the Spouse or Dependent Child is no longer confined to a hospital (if that Spouse or Dependent Child was confined to a hospital on the Certificate Schedule date) and is eligible for coverage on that date.

A Spouse may be added to the Plan after the Employee's Effective Date. To be added, the Employee must complete an Application to add his Spouse to the Plan. The Company will assign the Effective Date for a Spouse's coverage after approving the application. For Spouse coverage to become effective, the Spouse must be included in the premium payment.

Newborn children will be covered from the moment of birth, adopted children from the date the petition is filed for adoption, and step-children from the date of the Employee's marriage.

A day begins at 12:01 a.m. standard time at the Employee's, Spouse's, or Dependent Child's place of residence.

Plan Termination

The Company has the right to cancel the Plan on any premium due date for the following reasons:

- The premium is not paid before the end of the Grace Period,
- The number of participating Employees is less than the number mutually agreed upon by the Company and the Policyholder in the signed Master Application,
- The Policyholder does not provide timely information or meet any obligations required by this Plan and applicable law, or
- The Company cancels the Plan any time after the end of the first policy year. To do this, the Company must give the Policyholder 31 days' written notice.

The Policyholder has the right to cancel the Plan on any premium due date.

- To do this, the Policyholder must give the Company at least 31 days' written notice.
- The Plan will end on the date in the written notice or the date the Company receives the notice, whichever is later.

All outstanding premiums are due upon Plan termination. If the Company accepts premium payments after the Plan terminates, this will not reinstate the Plan; we will refund any excess premium.

The Policyholder has the sole responsibility of notifying Certificateholders in writing of the Plan's termination as soon as reasonably possible. If the Plan terminates, it—and all Certificates and Riders issued under the Plan—will terminate on the specified termination date. The termination occurs as of 12:01 a.m. at the Policyholder's address.

Termination of Your Insurance

Your insurance will terminate on whichever occurs first:

- The date the Company terminates the Plan.
- The 31st day after the premium due date, if the premium has not been paid.

Insurance for a covered Spouse or Dependent Child will terminate on the earliest of any of the bullet points listed above, or:

- The premium due date following the date the covered Spouse or Dependent Child no longer qualifies as a Dependent.
- The premium due date following the date we receive your written request to terminate coverage for your Spouse or all Dependent Children.

If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was active.

Portability Privilege

When you are no longer a member of an eligible class and your coverage would otherwise end, you may elect to continue your coverage under this Plan. You may continue the coverage you had on the date your Certificate would otherwise terminate, including any in-force Spouse or Dependent Child coverage.

To keep your coverage in force, you must:

- Notify the Company in writing within 31 days after the date your coverage would otherwise terminate, and
- Pay the required premium to the Company no later than 31 days after the date your coverage would otherwise terminate and on each premium due date thereafter.

Ported coverage will end on the earliest of the following dates:

- 31 days after the date you fail to pay any required premium; or
- The date the Group Plan is terminated.

If you qualify for this Portability Privilege, then the Company will apply the same Benefits, Plan Provisions, and Premium Rate as shown in your previously issued Certificate.

We will provide the Policyholder a 31-day advance written notice of any change to a premium.

Grace Period

This Plan has a 31-day Grace Period. If a premium is not paid on or before its due date, the premium may be paid during the next 31 days. Entire Contract Changes

This policy constitutes the entire contract between the parties, and no statement made by the employer or by an employee whose eligibility has been accepted by the insurer shall (avoid the insurance or reduce the benefits under this policy or) be used in defense to a claim hereunder.

No change in this policy shall be valid unless approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or waive any of its provisions.

Time Limit on Certain Defenses

After three years from the date of issue of this policy, no misstatement of the policyholder, except a fraudulent misstatement, made in his application shall be used to void the policy; and after three years from the effective date of the coverage with respect to which any claim is made no misstatement of any employee eligible for coverage under the policy, except a fraudulent misstatement, made in an application under the policy shall be used to deny a claim for loss incurred or disability commencing after expiration of such three years.

No claim for loss incurred or disability commencing after three years from the effective date of the insurance coverage with respect to which the claim is made shall be reduced or denied on the ground that a disease or physical condition, not excluded from coverage by name or specific description effective on the date of loss, had existed prior to the effective date of the coverage with respect to which the claim is made.

Grace Period

A grace period of 31 days will be granted for the payment of premiums accruing after the first premium, during which grace period the policy shall continue in force, but the employer shall be liable to the insurer for the payment of the premium accruing for the period the policy continues in force.

Notice of Claim

Written notice of claim must be given to the insurer within 20 days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the claimant to the insurer at **P.O. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the employee, later than one year from the time proof is otherwise required.

Time of Payment of Claims

Indemnities payable under this policy for any loss other than loss for which this policy provides periodic payments will be paid (to the insured employee) as they accrue immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnity for loss for which this policy provides periodic payment will be paid (to the insured employee) monthly and any balance remaining unpaid upon the termination of the period of liability will be paid immediately upon receipt of due written proof.

If the age of any individual covered under this policy has been misstated, the amount payable shall be such as the premium paid for the coverage of such individual would have purchased at the correct age.

Conformity with State Statutes

Any Plan provision that conflicts with state statutes where this Plan was issued on its Effective Date is hereby amended to conform to the minimum requirements of those statutes.

Successor Insured

If an Employee dies while covered under his Certificate and his Spouse is also insured under this Plan at this time of his death, then his surviving Spouse may elect to become the primary Insured at the current Spouse Face Amount. This would include continuation of any Dependent Child coverage that is in force at that time.

To become the primary Insured and keep coverage in force, the surviving Spouse must:

- Notify the Company in writing within 31 days after the date of the Employee's death; and
- Pay the required premium to the Company no later than 31 days after the date of the Employee's death, and on each premium due date thereafter.

If the Certificate does not cover a surviving Spouse, the Certificate will terminate on the next premium due date following the Employee's death.

Clerical Error

Clerical error by the Policyholder will not end coverage or continue terminated coverage. In the event of a clerical error, the Company will make a premium adjustment.

Individual Certificate

The Company will give the Policyholder a Certificate for each Employee. The Certificate will set forth:

- The coverage,
- To whom benefits will be paid, and
- The rights and privileges under the Plan.

This Amendment alters the Policy and the Certificate to which it is attached. Unless specifically addressed by this Amendment, all other Policy and Certificate provisions, definitions, and other terms apply.

Effective Date

This Amendment becomes effective on the Effective Date of the form to which it is attached.

The Plan Termination provision is deleted and replaced with the following:

Plan Termination

The Company has the right to cancel the Plan on any premium due date for the following reasons:

- The premium is not paid before the end of the Grace Period,
- The number of participating Employees is less than the number mutually agreed upon by the Company and the Policyholder in the signed Master Application,
- The Policyholder does not provide timely information or meet any obligations required by this Plan and applicable law, or
- The Company cancels the Plan any time after the end of the first policy year. To do this, the Company must give the Policyholder 31 days' written notice.

The Policyholder has the right to cancel the Plan on any premium due date.

- To do this, the Policyholder must give the Company at least 31 days' written notice.
- The Plan will end on the date in the written notice or the date the Company receives the notice, whichever is later.

All outstanding premiums are due upon Plan termination. If the Company receives premium payments after the Plan terminates, this will not reinstate the Plan.

The Policyholder has the sole responsibility of notifying Certificateholders in writing of the Plan's termination as soon as reasonably possible. The termination occurs as of 12:01 a.m. at the Policyholder's address.

The Portability Privilege provision is deleted and replaced with the following:

To keep your coverage in force, you must:

Ported coverage will end on the earliest of the following dates:

- 31 days after the premium due date (the last day of the Grace Period), if the premium has not been paid, or
- The date the Group Plan is terminated.

If you qualify for this Portability Privilege, then the Company will apply the same Benefits, Premium Rate, and Plan Provisions as shown in your previously-issued Certificate. Notification of any changes in the Plan will be provided directly by the Company.

The Additional Diagnosis provision is deleted and replaced with the following:

Additional Diagnosis

Once benefits have been paid for a Critical Illness, the Company will pay benefits for each different Critical Illness when the Date of Diagnosis for the new Critical Illness is separated from the prior, different Critical Illness by at least one consecutive months.

- Must be Treatment-Free From Cancer for at least 12 months before the Diagnosis Date; and

Amendment to Policy and Certificate of Insurance for Group Critical Illness

This Amendment is subject to all of the provisions of the Policy and Certificate to which it is attached. Additions or changes have been made to the Policy and Certificate and are indicated below.

EFFECTIVE DATE

If issued at the same time as the Certificate, this Amendment becomes effective at the same time as the Certificate. If issued after the Certificate, this Amendment will have a later Effective Date.

The definition of Dependent is deleted and replaced with the following:

Dependent means your Spouse or your Dependent Child. **Spouse** is your legal wife or husband, including a legally-recognized same-sex Spouse, or a person of either gender who is in a legally recognized and registered domestic partnership (as defined in California Family Code 297), civil union, reciprocal beneficiary relationship, or similar relationship with you, who is listed on your Application. **Dependent Children** are your or your Spouse's natural children, step-children (including existing children of new domestic partners), foster children, children subject to legal guardianship, legally adopted children, or Children Placed for Adoption, who are younger than age 26. However, we will continue coverage for Dependent Children insured under the Plan after the age of 26 if they are incapable of self-sustaining employment due to mental or physical handicap, and are chiefly dependent on a parent for support and maintenance. You or your Spouse must furnish proof of this incapacity and dependency to the Company within 31 days following the Dependent Child's 26th birthday.

The insurance on any Dependent Child will terminate on the last day of the month in which the Dependent Child turns age 26; it is your responsibility to notify us in writing when coverage on a Dependent Child terminates. Termination will be without prejudice to any claim originating prior to the date of termination. Our acceptance of any applicable premium after such date will be considered as premium for only the remaining persons who qualify as Insureds under this Plan. When coverage on all Dependent Children terminates, you must notify the Company, in writing, and elect whether to continue this Plan on an Employee or Employee and Spouse Coverage basis. After such notice, we will arrange for the payment of the appropriate premium due, including returning any unearned premium, if applicable.

Children Placed for Adoption are Children for whom you have entered a decree of adoption or for whom you have initiated adoption proceedings. A decree of adoption must be entered within one year from the date proceedings were initiated, unless extended by order of the court. You must continue to have custody pursuant to the decree of the court.

The definition of Limited Benefit Major Organ Transplant is deleted and replaced with the following:

Limited Benefit Major Organ Transplant means undergoing surgery as a recipient of a covered transplant of a human heart, lung, liver, kidney, or pancreas. A transplant must be caused by one or more of the following diseases:

- Bronchiectasis, which is a lung disease state defined by localized, irreversible dilation of the bronchial tree caused by destruction of the muscle and elastic tissue.
- Cardiomyopathy, which is a heart disease characterized by the measurable deterioration of the function of the heart muscle, where the heart muscle becomes enlarged, thick, or rigid.
- Cirrhosis, which is a liver disease characterized by replacement of liver tissue by fibrosis, scar tissue, and regenerative nodules, leading to loss of liver function.

- Chronic obstructive pulmonary disease, which is a lung disease characterized by persistently poor airflow as a result of breakdown of lung tissue and dysfunction of the small airways.
- Congenital Heart Disease, which is heart disease characterized by abnormalities in cardiovascular structures that occur before birth.
- Coronary Artery Disease
- Cystic fibrosis, which is a hereditary disease of the exocrine glands affecting the pancreas, respiratory system, and sweat glands. It is characterized by the production of abnormally viscous mucus by the affected glands.
- Hepatitis, which is a disease caused by the hepatitis A, B, or C virus and is characterized by the inflammation of the liver.
- Interstitial lung disease, which is a lung disease that affects the interstitium of the lungs.
- Lymphangioleiomyomatosis, which is a lung disease characterized by an indolent, progressive growth of smooth muscles cells throughout the lungs, pulmonary blood vessels, lymphatics, and pleurae.
- Polycystic liver disease, which is characterized by multiple variable-sized cysts lined by cuboidal epithelium.
- Pulmonary fibrosis, which is a lung disease where the lung tissue becomes thickened, stiff, and scarred due to chronic inflammation.
- Pulmonary hypertension, which is a disease characterized by increased pressure in the pulmonary artery and results in the thickening of the pulmonary arteries and the narrowing of these blood vessels, which causes the right side of the heart to become enlarged.
- Sarcoidosis, which is a disease characterized by the growth of granulomatous lesions that appear in the body.
- Valvular heart disease, which is a disease of the heart valves.

If, while the certificate in force, the Insured is placed on a transplant list for a Limited Benefit Major Organ Transplant due to one of the above-identified diseases, we will pay 25% of the Critical Illness benefit. The remainder of the Critical Illness benefit will become payable on the date the surgery occurs. A Limited Benefit Major Organ Transplant benefit is not payable if the Limited Benefit Major Organ Transplant results from a covered Critical Illness for which a benefit has been paid.

Benign Brain Tumor must be caused by Multiple Endocrine Neoplasia, Neurofibromatosis, or Von Hippel-Lindau Syndrome.

Multiple Endocrine Neoplasia is a genetic disease in which one or more of the endocrine glands are overactive or form a tumor.

Neurofibromatosis is a genetic disease in which the nerve tissue grows tumors that may be benign and may cause serious damage by compressing nerves and other tissue.

A Doctor/Qualified Medical Professional must Diagnose Type I Diabetes based on one of the following diagnostic tests:

NOTICE OF PROTECTION PROVIDED BY CALIFORNIA LIFE AND HEALTH INSURANCE GUARANTEE ASSOCIATION

This notice provides a brief summary regarding the protections provided to policyholders by the California Life and Health Insurance Guarantee Association (“the Association”). The purpose of the Association is to assure that policyholders will be protected, within certain limits, in the unlikely event that a member insurer of the Association becomes financially unable to meet its obligations. Insurance companies licensed in California to sell life insurance, health insurance, annuities and structured settlement annuities are members of the Association. The protection provided by the Association is not unlimited and is not a substitute for consumers' care in selecting insurers. This protection was created under California law, which determines who and what is covered and the amounts of coverage. Below is a brief summary of the coverages, exclusions and limits provided by the Association. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations or the rights or obligations of the Association.

COVERAGE

• Persons Covered

Generally, an individual is covered by the Association if the insurer was a member of the Association *and* the individual lives **in** California at the time the insurer is determined by a court to be insolvent. Coverage is also provided to policy beneficiaries, payees or assignees, whether or not they live in California.

• Amounts of Coverage

The basic coverage protections provided by the Association are as follows.

• Life Insurance, Annuities and Structured Settlement Annuities

For life insurance policies, annuities and structured settlement annuities, the Association will provide the following:

• Life Insurance

80% of death benefits but not to exceed \$300,000

80% of cash surrender or withdrawal values but not to exceed \$100,000

• Annuities and Structured Settlement Annuities

80% of the present value of annuity benefits, including net cash withdrawal and net cash surrender values but not to exceed \$250,000

The maximum amount of protection provided by the Association to an individual, for *all* life insurance, annuities and structured settlement annuities is \$300,000, regardless of the number of policies or contracts covering the individual.

• Health Insurance

The maximum amount of protection provided by the Association to an individual, as of July 1, 2016, is \$546,741. This amount will increase or decrease based upon changes in the health care cost component of the consumer price index to the date on which an insurer becomes an insolvent insurer. Changes to this amount will be posted on the Association's website www.califega.org.

COVERAGE LIMITATIONS AND EXCLUSIONS FROM COVERAGE

The Association may not provide coverage for this policy. Coverage by the Association generally requires residency in California. You should not rely on coverage by the Association in selecting an insurance company or in selecting an insurance policy.

The following policies and persons are among those that are excluded from Association coverage:

- A policy or contract issued by an insurer that was not authorized to do business in California when it issued the policy or contract
- A policy issued by a health care service plan (HMO), a hospital or medical service organization, a charitable organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, an insurance exchange, or a grants and annuities society
- If the person is provided coverage by the guaranty association of another state
- Unallocated annuity contracts; that is, contracts which are not issued to and owned by an individual and which do not guaranty annuity benefits to an individual
- Employer and association plans, to the extent they are self-funded or uninsured
- A policy or contract providing any health care benefits under Medicare Part C or Part D
- An annuity issued by an organization that is only licensed to issue charitable gift annuities
- Any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as certain investment elements of a variable life insurance policy or a variable annuity contract
- Any policy of reinsurance unless an assumption certificate was issued
- Interest rate yields (including implied yields) that exceed limits that are specified in Insurance Code Section I 067.02(b)(2)(C)
